Region Road Race Cancellations

The Region Board, like the riders, are disappointed at the cancellation of an increasing number of regional road races at the moment.

We have raised this as a critical issue with BC and will be discussing the best way to reduce the chances of this continuing at our next Regional Board meeting on Monday 3 June, following which we will provide further details about what our next steps will be.

Please rest assured that we are taking this issue, and the implications of the cancellations, extremely seriously.

Alan Gornall

North West Region Chair
